Taken sick. Helen not very
well

Monday Dec 31st. 1888

Have been sick about three
weeks. Helen been very sick
with a very severe cold is better
now so as to be about - I feel
a little better now although
not able to keep anything hearty
on my stomach to-day a whale
was sighted but it proved to be
a humpback. one day 2 skip-
jacks, and a porpoise were caught
there has been a great many fish
around the ship and a number
caught

Saturday Jan 19 1889

On deck very calm just drifting about
have been seasick a long time
to-day feel much better but cannot

eat anything hearty take nothing but liquor
food and a little dry toast Jan 4th caught
^{sperm} 4 whales which were cut in the next day
it was very rugged stoned down to the
oil. a sail had been seen twice in
the distance it has been very hot and
stormy for several days. Dolph
and Helen are sitting here sewing
there came a call from mast head "Blow
"blow" "blow". Dolph runs and Helen
and to go below. it was a false alarm
only Black fish

seen sperm whales once during the
past week lowered boats but caught
none they went to windward about
Jan 23 spoke the Reindeer, no out. she
sailed from San Francisco the day after.
we did not sit on deck nearly all day and
read.

Sunday Feb 10th 1889

Off the island of Magdalena waiting to anchor we arrived here yesterday morning but was uncertain where to anchor sent a boat ashore after dinner they returned at sunset having been becalmed. We laid too all night, now the wind is very light and we are waiting for it to breeze so we can go in and anchor. It is very, very hot here indeed. The inhabitants are natives under French government. The land is very high 3,680 feet. cotton is raised here, Bananas, Oranges, Pineapples, ^{many} apples, Coconuts, Breadfruit. The boat brought off some fruit but they were green. one of the men sent the Capt wife a live chicken and some eggs because she had been sick. The chick is walking around the deck eating coconut he won't eat crackers or bread. There are two other islands in sight belonging to the group (Marquesas). Two weeks ago to-morrow I had a very severe

attack of pain in my left side it confined
me to the bed, several days after that I began
to improve so as to go on deck and out to
meals. made Helen a pink print dress she has
it on, cut and partly made me a pink
sacque.

Sunday Feb 17. 1889

Woke in with with fresh breeze &
begin of rain. Sea land to Eastward
middle part calm & very warm. Both
squally & rough. Had a slight
attack of Sea Sick. at 2 1/2 P.M.
Experienced a sudden & severe squall of
wind & rain. In the Ocean in all its
wild grandeur then laid on the sofa
& thought of Ma & Home so passed my
first sleep at sea. last Monday we
came to anchor saw the natives on the
shore making it is a very wild country
the natives come on board the ship very
often it was quite a sight to see them in
their canoes with an outrigger on them

Capt. went ashore and saw the governor.
we got 18 casks of water. the natives cut
the wood then swam with it to the boats
and our men took it in we could see
them from the ship with a glass the
most of it was Kasuwood from another
part of the Island the natives have a
great deal of tatooing on them some of it
is very finely done they wear scarcely
any clothing we went ashore for a few
hours it was very hot there saw Cocconut
trees, Banna, and all the fruits growing
visited the cemetery went to the Governor
drank Cocconut saw the native women and
children Helen was quite a sight to them
she said good morning to them which
seemed to please them very much. their
huts also was quite a sight no furniture
to speak of. it was very hot all the time
we were there. the Governor and his

wife took dinner with us Thursday
on board the ship she was dressed in
white with a train a white flower over
her right ear and barefooted. we left
the Island Friday afternoon yesterday
and to-day it has been close and sultry

been a very uncomfortable week, very high
or no wind, rainy and hot. Have been
at work on my wool dress skirt. to-day
we are going along finely. not feeling
at all well. Helen trotting around with
a calico cap on her head. several sharks
have been killed the past week also
one Porpoise and two skip jacks the
latter taste something like our swordfish.

Sunday Mar 10th 1889

Very pleasant with a fresh breeze we have had very rough weather rolling and tumbling about. it has rained every day for nearly two weeks. we expect to be in Honolulu in about a week if we have good weather and fair winds Helen has ^{had} a cold it is better to-day the weather is much cooler and very comfortable to what it has been. have been reading, eaten two Bananas had a nap, written a letter, now will read some more.

Sunday Mar 17th 1889

Off the Island of Hawaii in a dead calm. we sighted this island yesterday it was very rugged at night we were becalmed. it is a very pleasant day can see the smoke from the Volcano rising in the valley also see a church and other buildings. this

morning heard one of the men singing
"Lily of the Valley" it sounded natural
and good. about a week ago one
the Boatstewers met with an accident
a hatch fell on his foot - causing a
severe sprain he is able to be out-
to-day. another man has been sick
with severe attacks of fits so that he
has had to be chained..

Wednesday Mar 20th 1889
